ATTENDANCE AT SCHOOL CAMPS

PURPOSE

In support of safe practice at and during school camp for children/parents/caregivers and staff attending.

GUIDELINES

1. School camps will be regarded as part of the school curriculum and must be available to students.
2. Where the school has grave misgivings in respect to a child's attendance, the child's parents will be encouraged to attend the camp in support of this child or a designated adult will be assigned to this support roll.
3. Whilst on camp, a child who is, in the opinion of the teacher in charge in consultation with others, guilty of continued disobedience or gross misconduct will be removed from camp.
4. In the interests of safety a child to be removed from camp will be withdrawn from activity and supervised by an accompanying adult until such time as a parent/caregiver is informed and arrangements made to either collect or deliver the child into the care of such parent/caregiver.
