

# *Ashburton Borough School*

Policy No. 7/97

## **POLICY - WITHDRAWAL OF CHILDREN FROM CLASS ON A REGULAR BASIS**

### **RATIONALE**

- This school supports the right of parents/caregivers to request that their children be exempted from class to receive out-of-school tuition where appropriate and with consideration of the child's learning need paramount.

### **GUIDELINES**

- All requests for release from school to attend out-of-school tuition will be directed to the principal.
- The principal will advise parents/caregivers of the possible consequences for a child's progress of such exemption from normal class lessons.
- The school and/or parents/caregivers may wish to invite an outside tutor to discuss a child's progress and achievement; the school will endeavour to accommodate all such requests.
- In as far as is possible, there is to be minimal disruption to the child's normal class programme and regular school education and to the wider class in general.
